SUMMARY

I have experience with front-end development from projects done at school and in my free time. I want to eventually move to full stack development as I advance in my professional career.

EXPERIENCE

Administrative Assistant

02/2020 - 05/2022

Sandra Massagem e Cuidados

Minas Geras, Brazil

I was a direct assistant to my boss

- I was responsible for helping to make ads, banners, and presentations for the company to share on social media as well as aiding in doing the research for them.
- I would also help by responding and redirecting messages from the business's WhatsApp, phone, and emails to my boss.
